

# ETCS SCHEDULE OF FEES

The School Board sets tuition rates at a level that provides for the sound and responsible operation of the school. Rates are based on careful assessment of all factors associated with the operation of a private school that receives no public funds. Tuition and fees are reviewed annually and adjusted as necessary. As is typical with most private schools, tuition does not cover 100% of the school's expenses, but is generally set at a rate that will cover a large percentage of the non-capital operating budget.
